KITCHEN / BATHROOM / LAUNDRY

Edition 1.1 / oliveri.com.au

The Oliveri Story

Beginning in an unassuming factory way back in 1947, Watkins & Starr (now Oliveri Solutions) started out as a local steel fabricator in Adelaide, South Australia, where a highly skilled and dedicated team pioneered the deep drawing manufacturing process in Australia.

It was the beginning of something extraordinary. 75 years later, Oliveri is Australia's only pressed bowl sink manufacturer and one of the country's true home grown success stories.

Australian made. Global success.

Our design focus and commitment to quality continues, with a complete range beautifully designed tapware, showers, sanitaryware, sinks and water filter systems that help Australian families bring their kitchen & bathroom dreams to life.

The Oliveri range offers beautifully designed kitchen, laundry and bathroom products, inspired by global trends while presenting a uniquely Australian touch: the Oliveri name continues to be synonymous with style, quality, and thoughtful design.
