Counter top Basin

Installation instructions for Counter top basin

THIS BASIN MUST BE INSTALLED BY A LICENSED PLUMBER IN ACCORDANCE WITH LOCAL REGULATIONS

Remove all products from packaging:

Check the product for damage, if the product is damaged return to store of purchase.

Check the product is complete with all components required to install.

This product is to only be installed by a licensed plumber, failing to do so will void warranty.

This product is to be installed as per Australian Standard and local authority requirements.

Basin Installation:

1. Determine where on the bench top the basin is to be installed.
2. Place the basin in position and check to ensure the basin waste outlet position does not interfere with draws, internal walls or waste connection pipe work.
3. Mark the waste hole position on the bench top, using a suitable cutting devise based on bench top material cut a hole in the bench top large enough to accommodate the waste being used.
4. Fit waste to basin as per waste installation instruction document.
5. Run a bead of plumbers grade silicone around the underside edge of the basin.
6. Fit basin to bench top, allow silicone to set before proceeding with waste pipe installation.
